## **TWU FALLS SHORT OF SECC GOAL**

TWU's contributions to the 1995 State Employee Charitable Campaign (SECC) have fallen dramatically, compared to the same time last year, according to officials with both the university and United Way of Denton County. "Last year, we reached our goal of \$24,000," said Judy Hildebrandt (Student Center), this year's campaign coordinator for Denton. "This year, our goal is \$25,000. We have reached only 50 percent of that figure to date."

SECC contributions are used by a variety of agencies to help persons in the community who face a crisis in their lives and who need help. TWU faculty and staff who participate in the campaign can designate their contributions to a number of approved organizations; booklets and forms were distributed in early October. Anyone on campus who filled out a form and did not submit it by the Oct. 20 deadline to Hildebrandt is urged to turn in the paperwork. Hildebrandt can accept completed forms until Fri., Nov. 10. Persons who may have lost their forms can call her at ext. 3640 to request another copy.

TWU President Carol Surles said, "to those of you who have contributed to the State Employee Charitable Campaign -- thank you! If you have not contributed, please refer to your SECC brochure, review the agencies who depend on SECC donations to fund their services and turn in your forms. This time of the semester is especially hectic and, if you plan to contribute, please forward your gift to Judy Hildebrandt in the Student Center office. We want to include your contribution in our total."

SECC provides a convenient way for employees to contribute to more than 200 agencies through payroll deduction, as well as by cash or check. "Please remember that the United Way of Denton County and TWU CARES Health Center also are recipients of SECC funds," said Hildebrandt. With a minimum monthly contribution of \$2, TWU faculty and staff can use payroll deduction to donate to the SECC. As the holidays and a new year approach, payroll deduction is an easy way to pledge to the SECC campaign.

"I encourage everyone to turn in their forms by Nov. 10 to me in care of the Student Center office," said Hildebrandt. "Anyone who has questions should call me as soon as possible. I know that we can continue to help others as we have in the past. The TWU family has been and will continue to be generous with their time and their financial support."

Drs. **Ruth** and **Bill Anderson** (family sciences) presented a workshop on "Forgiveness in Aging, Conflictual Intergenerational Families" to chaplains, social workers and bereavement counselors of the VITA Healthcare Corporation in Grand Prairie Oct. 23.

**...and A TWU Update "Pat on the Back" to some unsung heroes**

**Ellen Whitley** (financial aid) says: "I would like to thank all faculty and staff who have contributed to the sick leave pool which is available to employees who have exhausted their sick leave due to illness. I am recovering from surgery and was beginning to panic when I realized that I didn't have any sick days left. It has relieved my mind considerably knowing that, because of the generosity of my fellow employees, I will have my absence covered by the days they donated. Please contact human resources if you have extra sick days to donate. I believe it's a random act of kindness because you will be helping employees you don't even know. What greater joy than to give anonymously! Thanks again."
