## **RECEPTION SCHEDULED FOR OUTDOOR POOL REOPENING**

TWU will celebrate reopening its outdoor pool with a splash on June 29. Admission that day will be free, and a pool party with refreshments and prizes will be held from 5-6:30 p.m. In the event of rain, the party will be rescheduled.

Built in the early 1940s, the outdoor pool has been a gathering place for the Denton community during the hot summer months. Hundreds of children also have taken swimming lessons at the outdoor pool each year. The pool had been closed for repairs since the summer of 2003.

Located near the northeast corner of Bell Avenue and Administration Drive, the pool is open from noon to 7 p.m. daily.

**UPDATE ON TWU PEOPLE**

*Please submit "People" items (faculty and staff only) to the office of marketing and communication by campus mail or by e-mail to [info@twu.edu](mailto:info@twu.edu). Include first and last names (no initials, please) and appropriate titles (ie. Dr.)*

Dr. **Ellina Grigorieva** (mathematics and computer science) presented her paper "Optimal Control of a Commercial Credit Repayment Plan" at the Fifth International Conference on Dynamical Systems and Differential Equations at the California Polytechnic University in Pomona. She also was selected to be the chair of two sections of "Abstract Equations and Control."

Dr. **Sandra Cesario** (nursing-Houston) served as a consultant to JHPIEGO and the Supreme Council of Universities in Egypt. The purpose of the trip was to facilitate the implementation of the Educational Development Center (EDC) in medical and nursing schools. Workshops were conducted to help participants strengthen classroom and clinical teaching and student assessment skills, assist faculty and administrators in creating and improving skills development labs and improve clinical training sites. JHPIEGO is an international health care consulting firm affiliated with Johns Hopkins University.

**PEOPLE**, *continued*

Dr. **Ruth Grubestic** (nursing-Houston) recently spent a week in Washington, D.C., studying health policy at the George Mason University Health Policy Institute. The course was designed for nurses to examine concepts of social policy, power, and political behaviors and to generate strategies for exercising professional leadership in effecting change in health disciplines. It explored the role of health politics in the work place, organization, government and community with emphasis on involvement and advocacy.
