Library Hack: Developing Data Literacy through Experiential Learning
## CTLC 2020

Isaac Williams @isawil_
Peace Ossom Williamson @123POW

40 participants, 23 hours, UTA Central Library

Students learned how to...

- Locate datasets
- Identify open data
- Analyze data using computation
- Clean data to make it machine-actionable
- Design a graphical user interface
- Collaborate with others to create a product
